**DETAILED ACTION**

1. Claims 1-12, 17-20 have been presented for examination.

Claims 13-16, and 21-26 have been cancelled.

**Response to Amendments**

2. The 101 rejections are withdrawn in view of Applicants amendments to the claims.

**Allowable Subject Matter**

3. The following is an examiner's statement of reasons for allowance: claims 1-12, 17-20 are considered allowable since when reading the claims in light of the specification, none of the references of record alone or in combination disclose or suggest the combination of limitations specified in the independent claims, specifically:

The recitation with respect to claims 1 of "partitioning the input sequence into a partition including a set of substrings and a tail, wherein the substrings have lengths that are not all equal; and outputting the substrings in a random order to generate an output sequence simulating the input sequence.". See specification of instant application Paragraph 15-17.

The recitation with respect to claim 17 of steps a-d. See specification of instant application Paragraph 21-23.

The claims are rendered statutory since they recite a computer program product executed on a computer. See Paragraph 25 of the specification of the instant application.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
